Detailed Description

Detailed information

Tapered round shape, upper edge stepped several times and gilded.

A wavy edge rises above a band of small, partly punched cartouches. The cup ends with a smooth end edge that extends outwards.

The cup is further decorated with a crowned leaf cartouche with the initials “J:D:B:” over “A:H:B:”1762

Above the partially gilt, lobed foot there is a multi-wavy, gildet band

The cup is gilt on the inside

It is apparently a wedding cup
